

ICT Curriculum Class Plan

Belize Primary Education

Created by The Belmopan Computer Literacy Programme for Primary Education (BCLP)

Where possible the class plans will follow the structure as follows

Class Objective

The aim of this class is to practice the three actions of the mouse, click, double click and click and drag

Learning Outcomes:

- 2.1 Perform the 4 actions of the mouse.

Preparation

Setting the scene (30 mins)

- Go over the 4 functions of the mouse again.
- What are the purposes of each and practice on desktop. Open/shortcut menu/select/move

Main Work (30mins)

Locate some websites which cover all 4 actions, get them to practice.

Evaluation of the Class
